2. Internal Review Findings

2.1 Reviewed by Axle (CEO Agent)

Axle reviewed the document package for:

- Business accuracy: All pricing, feature descriptions, and tier definitions verified against current product specifications.

- Policy alignment: All new sections confirmed to align with operational decisions made during the March 16, 2026 product policy review.
- Completeness: All 5 documents confirmed present and complete; cross-references between documents verified.

Axle's finding: APPROVED for attorney transmittal. No business-level objections.

2.2 Reviewed by Nova (QA Agent)

Nova conducted a full cross-reference audit of all five documents for:

- Internal consistency of defined terms
- Cross-document coherence (no contradictions between documents)
- Section numbering accuracy
- GDPR, CCPA, COPPA compliance flags
- AI Coach disclaimer consistency

Nova's finding: APPROVED with attorney review flags as noted in the Priority Items section of the Cover Letter.

8. Documents Not Audited in This Cycle

The following document was not included in this audit cycle as it predates the current revision:

- **Operating Agreement** (`OPERATING_AGREEMENT.md`) — Internal corporate governance document; not a user-facing legal document.

---

9. Audit Conclusion

Overall finding: The five (5) user-facing legal documents in this package are internally consistent, cross-references are accurate, pricing is uniform, and the March 16, 2026 changes have been correctly and uniformly incorporated across all applicable documents. The package is cleared for attorney transmittal.

Cleared for transmittal by:

- ✅ Nova (QA and Review Agent) — March 16, 2026
- ✅ Axle (CEO Agent) — March 16, 2026
